

### **I noticed that you have a beautiful and productive Fruit Tree**

If you don't think you will be using all the fruit this year, we have an offer for you! We will send a few volunteers to pick the fruit at a time that is convenient to you. We will leave you a bag of the fruit and donate the rest to the Food Bank and other local organizations so that those without access to fresh local fruit can share in the bounty.

#### **Requirements:**

- The tree must not have been sprayed this year with any non-organic pesticides.

#### **Benefits:**

- A bag of fruit picked for you
- No rotten fruit to pick up
- You are helping feed our community

To donate your fruit, please contact Cathie Wier at [cathiew@eusers.com](mailto:cathiew@eusers.com) or 385-3581
