We have a hand-washing station set up to the right as you come through the front door. Hand sanitizer dispensers are located outside on both sides of the front door. Shopping carts, baskets, door handles, bulk bins, and any other touched surfaces are being cleaned several times per day. We have hired extra staffing every night to clean the store. We have increased staffing overall to give our employees more downtime during shifts so they stay rested and we are feeding them hot soup every day to keep them happy. We have a strict health policy for all employees. Anyone showing symptoms of illness is staying home from work. Please do not enter the store if you have any symptoms of illness. We are happy to shop for you (keep reading for details). We will keep you posted if and when further precautions become necessary.</p>
